Description

Fan project by Georges de Feure (1868-1943).

Fan project by Georges de Feure, showing two elegant ladies in a garden and a bouquet of peonies.

Georges de Feure was one of the major artists of Art Nouveau and his genius was expressed in furniture, decorative art and illustration. It is in particular his collaboration with Siegfried Bing that contributed to his international fame.

This fan project that we are proposing is completely in line with the artist's work, where the elegance of women is in harmony with the serenity of nature, magnified by this peaceful garden and the luxuriant bouquet of peonies.
