Description

Large pair of earthenware vases from Satsuma, Japan 19th century

Very beautiful decorations with relief in the shape of traditional drums with theatrical characters and fighting shadows. On the perimeter of friezes of birds with geometric patterns.

Height: 42.5 cm

No signature, but very likely work by the workshop of Makuzu Kozan during the Meiji period (1868 - 1912).

Makuzu Kozan (1842 - 1916) was one of the greatest ceramist during the 19th century, named artist of the imperial household in Japan. His greatest productions are between 1880 until the beginning of the 20th century and were massively presented at major international exhibitions.
