Description

Gilded wooden sculpture of a Virgin and Child. Inspired by the classic model, Mary is represented standing on a pedestal, holding the Child on her left arm.

Wearing fine sandals, she is draped in a dress with soft pleats, and wears a hairstyle of very decorative braided braids covered with a light veil. The classicism and elegance of the design, but above all the characteristic face and the sulphide eyes bring her to life.

In the base is a reliquary with an inscription:
D-Bike. BV-M (di velo Beata Vergine Maria)
"From the Veil Blessed Virgin Mary"

Height: 96 cm

18th century
