

A Marquetry Gueridon Table.

4 800 EUR

Period : 19th century

Condition : Bon état

Material : Solid wood

Diameter : 52,5

Height : 75

Description

A sycamore, amaranth, buxwood and mahogany gueridon table after a design by the cabinetmaker Diehl opening with one drawer. Gilt bronze ornamentation - pearls, fruits, ribbons, paw feet.

The marquetry represents a birds couple surrounded by a circle decorated by a frieze. The legs joined by an "entretoise" decorated with bronze pearls. In very good condition.

France.

19th century.

Charles-Guillaume Diehl installed in Paris in 1840. He specialized in the production of small furniture pieces decorated with bronze and porcelain, living room tables, tables for small work and toilette tables, furniture units as marriage gifts. He participated in numerous exhibitions.
