Description

Pretty pair of Chinese porcelain lamps mounted in gilded bronze. The gilded bronze base uses all the vocabulary of the Louis XVI style. A bouquet of flowering and leafy branches in gilded bronze escapes from the neck of each vase and beautifully decorates the void between the vase and the lampshade. The latter, in pleated silk, is fully lined and underlined with piping braids surrounding the base and the top and elegantly finished with a winding of the most beautiful effect. The body of the vases is decorated with riders in large reserves of landscapes with trees in small reserves. Very good general condition, electrical assembly redone and in very good condition. Height of the lamp 47 cm. With lampshade 70 cm. Dimensions of the gilded bronze base 13 x 13 cm
