The Jockey And His Mount

350 EUR

Signature : A définir

Period : 20th century

Condition : Bon état

Material : Paper

Length : 65x50

Description

Very beautiful gouache representing a racehorse and its jockey. Very beautiful pictorial technique with a movement of the whole superbly mastered by the painter. Which remains to be defined but probably with a big hand given the final rendering. Interesting size of 65x50 cm. Slightly damaged at the edge of the paper. Not framed. Sold in its own juice! Do not miss ! Very decorative with a good quality of work!
