### Description

Here is a concrete sculpture, made in direct carving. It is a work of the twentieth, from an artist's studio. Everything looks great and weighs a lot, between 30 and 60 kilos. We report rubbing in various places, dirt, black marks, traces of paint on the back and front at the bottom.

However, the work remains in good general condition. We sell it in its untouched natural juice. We did a basic cleaning. We will not deliver by post for this type of item that is too fragile, but we work with carriers, please contact us for a quote. For the state thank you for detailing the photos. Feel free to zoom. The photos are an integral part of the description.
