Description

Beautiful Provençal set in walnut dating from the end of the 18th century, beginning of the 19th century, consisting of a kneader and a style panetière and coming respectively from Nîmes and Arles.

This beautiful Provençal kneader consists of a large flared tank whose molded top is crossbow-shaped on the front.

it rests itself on a tray with a crossbow facade resting on a base with turned baluster feet ending at the front and at the back with winding shell feet.

the feet are joined by fretted crosspieces decorated with a soup tureen, flower vases, etc. even there the rear crosspiece of the base is worked and carved, proof of the high quality and the care taken by the cabinetmaker in the design
