### Description

Italian Industry Luminous Fountains D'Andrea  
Ubaldo Giuseppe

Beautiful and very rare fountain in wrought iron, glass and ceramic. The base is made up of an interweaving of roots and flowers (roses) which, as they rise, cover the container inside which the pipes for the water and for the electricity and the lighting system. Above the iron part rests a blown glass tank, inside there are the pipes for the water outlet, covered (50%) by ceramic fish. Early 19th century.
