

## Torsade Necklace With Cultured Pearls And Natural Turquoise Pearls

2 350 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Length : 46 cm

Width : 4 cm environ

### Description

Creation of the 1980s by a renowned Parisian workshop

this necklace is made of cultured pearls and natural turquoise from

of the "sleepy beauty" mine in Arizona (USA), which is now depleted and closed.

The clasp is in 750°/°° gold and installed on two balls of woven pearls in order to avoid any shearing of the pearl threads against the rings of the clasp.
