Tealight holder made of silver metal for the foot and crystal for the tulip.

The foot is signed by the famous Christofle house, the crystal tulip has no signature.

Very good overall condition, there are two small scratches in the upper part of the tulip (hardly visible), and some burrs on the part that fits into the silver metal foot (invisible once the two are assembled).

French work from the Christofle house from the mid-20th century.

Very elegant, ideal for a pretty table.

Specializing in silverware from Christofle, we also sell many pieces of cutlery depending on our stock. Do not hesitate to contact us, to share your research with us.
