An exponent of Piedmontese naturalism in the
second half of the 19th century, he trained under
Vittorio Cavalleri. He made his debut at the
Società Promotrice delle Belle Arti in Turin in
1901 with three studies conducted from life,

inaugurating his constant participation at major national exhibitions. From 1908 he established himself to the attention of the public and critics, who reproached him, however, for an excessive dependence on his master's models. His early production of landscapes conducted en plein air was succeeded by a greater diversification of subjects until his specialization as an animalist and author of market scenes beginning in the 1920s.
