Description

Very beautiful Louis XIV style armchair in solid walnut, resting on a base made up of four console-shaped legs, connected by an H-shaped spacer in an eventful and molded shape. The armrests draw a flexuous movement ending with a butt resting on a cavetto support. The upholstery of this armchair as well as the covering fabric have been completely redone recently, the seat is therefore firm and comfortable. It is embellished with a beautiful finish with finely chiseled brass nails and a braid. Very nice production from the 19th century.
