Description

Superb watercolor representing a river landscape animated by different characters. On the left, a boat and its occupants return to port, on the right a scene of everyday life. This charming landscape is presented in a frame with a golden rod and presented surrounded by a Marie-Louise. Note some foxing on the left at the level of the clouds and a stain of water on the right at the level of the bell tower, without importance on the aesthetics of our watercolor which has kept very beautiful colors. Dimensions: frame 41 cm X 54.5 cm watercolor at sight 25.5 cm X 39.5 cm Shipping and protection costs 20 euros in metropolitan France, other destinations contact us;
