Description

Oil painting on wood panel from the XIX period in the First Empire style representing a grenadier drum major. Very nice work of an unusual subject, military musician, executed on a wooden panel, beech, natural used by the artist as a warm background to his work. Interesting view of the mind quite in the style of Édouard Detaille. Note the light and pleasant side of the realization embellished with its original frame in gilded wood from the Napoleon III period. Possibility of sending in France and all over the world.
