Description

A fine early 19th century George III period mahogany and ebony inlay reading table. The table features one faux drawer to one side and has a rise and fall reading slope. One side of the table having a working mahogany lined drawer and slide with turned brass round knobs. The table features ebony line inlays and stringing round the drawers. All standing on a mahogany hand turned column with quadruple swept fluted saber legs that terminate in brass toes and beavers. Lovely patina and in very good sturdy condition.
