Description

Rare and elegant park gate forged in the 17th century, from the Louis XIV period, in perfect condition. A set of flames, its trident and its volute of beat were recently forged in the rules of the art. A frieze of volutes adorns its intermediate rail and a series of flames, at the foot of the portal, completes its ornamentation. The height of the upper hinges (refurbished) is 320 cm. The section of the frames is 40 mm. The section of the bars is 25 mm. You can visit our website: www.claudeaugustin.com
