Description

Bronze painting sculpture by Giovanni Schoeman representing a star and its radiation in the brutalist way. Very beautiful work by this world famous artist, 1940 1980 native of South Africa and having exhibited all over the world. Note also the presence of its original frame with its fabric in the background in very good original condition. Very nice imposing size giving this work a first decorative character. Width at the frame 121 cm. Signature of the artist on one of the sides of the sculpture. Double golden and silver patina. Possibility of sending in France and all over the world.
