Description

The Series 7 chair, designed by renowned Danish designer Arne Jacobsen in 1955, is a timeless design icon. Recognizable by its elegant silhouette and clean lines, it has become one of the most emblematic chairs of the 20th century. The Series 7 chair is distinguished by its molded plywood shell, which harmoniously follows the curves of the human body, thus offering optimal comfort. Its innovative ergonomic design, combined with its visual lightness, makes it a versatile and functional choice for various interior spaces. The Series 7 is available in a variety of finishes, ranging from natural wood to bright and bold colors, giving it great aesthetic flexibility to adapt to different environments. Plus, its design makes it easy to stack, making it easy to store when not in use. Over the decades, the Series 7

chair by Arne Jacobsen has become a staple in many areas, such as offices, public spaces, conference rooms, restaurants and even private homes. Its appeal lies in its timeless design that transcends fleeting trends, as well as its exceptional comfort. The Series 7 chair embodies Arne Jacobsen's signature approach, which combines functionality, simplicity and elegance. She became a symbol of Scandinavian design and influenced many later designers. Today, more than six decades after its creation, the Series 7 chair remains an undisputed benchmark in the world of design and continues to inspire new generations with its timeless aesthetics and functional ingenuity.
