Description

Discover the Scandinavian vintage chest of drawers with spindle legs from the 1960s, a true gem of retro design. This unique piece, found in Denmark in the city of Aarhus, embodies the timeless elegance of Scandinavian style. Made of teak wood, this chest of drawers not only looks authentic, but is also exceptionally durable. Its natural wood colour brings warmth and charm to any interior. The four spacious drawers offer practical storage space for your belongings. The characteristic spindle legs of this Scandinavian chest of drawers add a touch of sophistication and originality. They underline the vintage character of this piece, recalling the trends of the 1960s. However, it is important to note that this chest of drawers has age marks on the top, which add a
