

High Mid-century Sideboard

Description

Discover this high mid-century sideboard by designer Ew Bach and edited by Sejling Skabe. This emblematic piece embodies the vintage and Scandinavian style that marked this era. Hailing from Denmark, this sideboard is crafted from high-quality teak combined with mirrored elements. This marriage of materials creates an elegant contrast and gives this piece a unique aesthetic. In a natural wood shade, this sideboard fits perfectly into contemporary interiors, while bringing a warm and retro touch. The sled feet characteristic of this style give a light and airy look to the whole. This sideboard also combines functionality and practicality. It is equipped with five spacious drawers, providing optimal storage space for your everyday items. In addition, the three sliding doors conceal three removable
