### Description

Discover this remarkable dining room table edited by G-Plan, dating from the 60s and coming from England. This iconic piece perfectly embodies the vintage and Scandinavian style of the time. Made of teak, this table brings natural warmth and timeless elegance to your interior. The natural wood color gives a warm atmosphere, while the clean design underlines the modern character of this table. Functionality is also on the agenda with this dining room table. It is equipped with a practical butterfly extension which is located discreetly under the top. So you can easily adjust the size of the table according to your needs, whether it's for entertaining guests or to enjoy a more compact space in everyday life. The table top has been carefully sanded and varnished, providing a smooth and durable finish.

The generous dimensions of this table, with a length of 209 cm, a depth of 107 cm and a height of 72 cm, offer you a spacious space to share convivial meals. Without the extension, the length of the table is 163 cm, ideal for smaller spaces. Add a touch of vintage and Scandinavian style to your dining room with this unique table, which combines vintage aesthetics with modern functionality.
