Description

Discover this incredible old solid wood workbench. With its origin in the North of France, more precisely in Dieppe, this mottled piece of furniture brings a unique authenticity to your space. Designed in solid wood, this workbench is a true symbol of robustness and durability. Its natural solid wood color gives it a rustic and warm charm, adding a touch of authenticity to your interior. We took care to clean this workbench in our workshop, making sure to preserve its original appearance while restoring its shine. The result is a piece of furniture that is both clean and full of character. With its industrial style, this workbench fits perfectly into contemporary interiors, adding a raw and unique aesthetic. It features a functional drawer, providing extra storage space for your
