Description

Discover this superb Scandinavian coffee table from the 1970s, a real find found in France in Chartres. Made by the famous editor Domino Mobler in Denmark, this coffee table embodies the timeless charm of vintage style. The coffee table features a natural teak top, which adds warmth and character to your living space. Its natural wood color fits harmoniously into any type of decoration, bringing a touch of sophistication to your interior. A special feature to note is the presence of a stain on the tray, which gives it a unique personality and testifies to its history. This slight imperfection underlines its authenticity and makes it an object full of character. With dimensions of H50cm x W122cm x D75.5cm, this coffee table offers a generous surface to accommodate your books, magazines,
