Description

Discover these magnificent vintage teak chairs recreated by the famous designer Leslie Dandy in the 60s, and imported straight from England. These authentic chairs have been carefully designed and have unique features that will appeal to lovers of retro style. Their tapered legs, emblematic of the Scandinavian style, give these chairs an absolutely irresistible allure, bringing a touch of sophistication to your interior. The marriage between teak wood and the resistant fabric of the seat creates a harmonious contrast, combining practicality and vintage charm. These chairs were designed by Leslie Dandy, a renowned designer, and produced by G-Plan, thus guaranteeing their quality and aesthetic value. Imported from England, they reflect the timeless elegance of 60s British design. Crafted from high

quality teak and featuring a comfortable seat upholstered in hardwearing fabric, these chairs not only offer an attractive design, but also optimal comfort for your moments of relaxation. Their natural wood color will easily harmonize with any type of interior decoration, while their vintage and Scandinavian style will bring a touch of originality and authenticity to your space. The dimensions of these chairs are as follows: H91cm x W48.5cm x D48cm. Please note that a small stain is present on the back of one of the chairs, as seen in the photo. With these vintage teak chairs by Leslie Dandy, you will add a unique piece to your interior, combining the aesthetics of the past with modern comfort. Let yourself be seduced by their retro charm and create a warm and elegant atmosphere in your living space.
