Description

Set of two antique chairs and a stool in painted wood, early 20th century. Coming from an old Pyrenean sheepfold, these three "brutalist" seats testify to a rustic but efficient pastoral know-how, and full of charm. The uprights have retained beautiful natural sinuosities, relayed by the pretty braiding of twisted rush mulching. Under the bright yellow, appears an old "cart" blue which seems to have been their first color coat... Good general condition. The price is for the set. Chairs: backrest height = approximately 95 cm; seat height = 43 cm; width=47cm; depth = approximately 48 cm Stool: height = 42 cm; width = 34 x 34 cm Overall weight: 10/12 kg
