Description

Nantes regional chest in blond cherry wood opening with a top composed of 2 well-joined development boards, surrounded by a molded edge in corbin's beak. This furniture opens with a system of original iron hinges. It has a single panel on the front, set back from the legs and crosspieces. These are molded inwards and rest on two consoles at the front. The sides of this chest are identical to the structure of the facade. Its dimensions, its quality, its refined shape and its luminous hue, make this regional sideboard an ideal piece of furniture for a modern decoration. ***** Period: Late 19th century Perfect condition after restoration in our workshop. Waxed finish. Delivery possible on estimate in France and Europe, by our partner specialized in the transport of furniture. Dimensions: Width:
