Description

French school around 1830.

Academy of a man draped in a generous ocher loincloth against the backdrop of a cave with a rural and bucolic landscape in the distance reminiscent of Italy -

Beautiful Presence of this man seated in profile leaning on a rock - Perhaps an evangelist?

Tension of interesting perspectives, dynamic opposites, contrasts make this piece a successful work -

In the style of Ingres or his pupil Olivier d'Hautpoul - Félines-
