### Description

Pair of vases signed Legras dating from the end of the 19th century. François Théodore Legras (1839-1916) was an award-winning French master glassmaker, known for directing the eponymous glass and crystal factory in St Denis in the Paris region. These glass paste vases, in sky blue, yellow and orange, have globular bodies decorated with enamelled signs, reeds, medallions and whimsical motifs. The long collars are tightened and the openings are flared. These vases signed Legras will appeal for their authenticity and their shimmering colors.
