

Tanzanite And Diamond Earrings

21 000 EUR

Period : 20th century

Condition : Parfait état

Material : Gold

Description

For pierced ears. Jewellery ear pendants composed of a modern brilliant-cut diamond set with claws which holds an emerald-cut diamond like a drop, also held in claws, then a large pear-cut tanzanite. Main material: white gold, 750 thousandths, 18 carats. The fastening system is a nail with safety clasp. Total weight of the tanzanites: approximately 16 carats. Total weight of brilliant-cut diamonds: approximately 0.46 carats. Total weight of emerald-cut diamonds: approximately 0.50 carats. Proportions: Height: approximately 3.3 cm, width: approximately 10 mm, thickness: approximately 7.3 mm. Net weight: about 6.2g. Our opinion: Luxurious diamond tanzanite earrings, of a perfect length. The tanzanites that compose them are of an intense blue that would make the most beautiful
