

Vanity Unit Late Nineteenth Precursor Of Modernity In Mahogany Napoleon III

750 EUR

Period : 19th century

Condition : Etat d'usage

Material : Mahogany

Width : 61

Height : 157

Depth : 39

Description

Rare small mahogany washbasin cabinet, precursor of modernity. A water filling tray above, a housing for the waste water container below. Right side door for convenience towel hanging. The washbasin is retractable thanks to a flap, it is enough to drill the spout of the tap to retract it. Napoleon III period. Good used condition, to report a crack on the white marble plate at the back of the sink.
