Description

Elegant inlaid cabinet, this cabinet features a very high level inlay. In the central part there is a triumph of polychrome flowers framed by a sharpening, at the corners of which are mounted four bronze friezes which also appear in the rounded pillars of the piece of furniture.

The piece of furniture also has a drawer in the upper part and a drawer in the lower part. The friezes on the undertop and on the base are in carved wood and gilded with pure gold. Beautiful marble in shades of red, 19th century, Holland.
