Description
-------------

Very beautiful composition of flowers painted on cardboard. Very good pictorial technique! In his juice ! Border of the cardboard having taken the humidity to be cut! Sold in the state and its old patina! Frameless! Flowers superbly brushed by the painter who remains to be defined? Probably with a large hand given the power and nervousness of the generous brush stroke in paste! Visually stunning! Size of 60x40 cm. Do not miss ! Very decorative once framed!
