### Description

Very nice painting in a cubist pictorial technique representing a naked woman with a small waterfall and a second sitting on a rock. Oil painted on wood panel. To be restored, crack on the panel, and cleaning to be planned. Sold in the state ! Unsigned but probably from a good hand given the final quality! Size 46x38 cm. Without frame. Greenish colors remarkably posed by the artist! Visually stunning painting. Do not miss !
