Description

Four-light lamp from the 60s and 70s in space age style in full chrome. Very nice decorative effect for this lamp from the 70s, rare in size, height 41 cm and the number of globes arranged in an ellipse, giving this light an impression of dynamism. Note the excellent original condition of the chromed metal and the very good electrical working condition. Lamp to be placed in a classic or modern interior, so obvious is the impression of originality and deluxe luxury. Possibility of sending in France and all over the world.
