Reliquary Charles X

220 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Diameter : au pied 8 cm

Height : 24 cm

Description

We present this reliquary in gilded bronze from the Charles X period around 1830. This object when I acquired it intrigued me a lot, in fact I did not know what it was, it was when I saw that the upper part unscrewed that I understood that it was a reliquary, unless it was a document which was concealed inside in any case there was no relic inside. (E23) Ref. .....Wb 456
