Description

White porcelain "kwan yin" statuette mounted as a lamp, resting on a molded circular base in gilded bronze and silk shade.

Period: XIX - XXth century.

This lamp is in good general condition, no accidents, no knocks on the porcelain.

Wear from use on the bronze.

The lampshade which is in silk in the shape of a pagoda roof has lived, a small hitch (barely visible), heat stains, but it remains usable (for those who like objects in their own juice).

The electrification is good and works (old) therefore to be revised all the same as a precaution.
