Description

This complete set of the twelve engravings of the Creed of the Apostles by Adrian Collaert after Marten de Vos were engraved around 1600 (Ref: Hollstein 863 and New Hollstein 729.1). This series was mounted on panels and framed with velvet in a very modernist bias. The engravings show a lot of wear as well as handwritten annotations, however, the originality of the presentation and the quality of the drawing make it a testimony worthy of interest.
