Description

We present this important oil on canvas painting, representing "ESMERALDA" the beautiful gypsy from the famous novel by Victor Hugo. This painting was painted by a certain Louis OLLER in 1890, moreover this pretty painting is beautifully framed. We have done research on Bénézit, on 19th century painting books, on the Internet, on Artprice, we can't find anything, yet the painter who made this work was indisputably talented. (E23)
