XII Century Roman Capital In Hard Limestone

1 870 EUR

Signature : anonyme

Period : Before 16th century

Condition : Etat d'usage

Material : Stone

Width : en diagonale: 34,5 cm.

Height : 28 cm.

Description

I offer you this interesting corner capital decorated with arcades, interlacing foliage scrolls. We can notice some hollowed out elements letting the light through, as well as the original indented terrace around the perimeter. Fairly hard limestone, certainly from the Poitou Charentes region. It has spent the last few years outdoors, I left it with its moss green patina.
