Description

Interesting genre scene illustrating a languid young woman, oil on canvas, late 18th century - early 19th century period. The scene represents a dreamy young woman, nonchalantly seated in a marquise in the middle of her room, she is dressed in a pale pink dress embellished with lace and a yellow ribbon; a dog at his feet sleeps in his luxurious niche. The decor is set: all the utensils and decor of this period are present: screen in painted canvas, writing table, four-poster bed, medallion portrait on the wall, richly decorated carpet, musical and scientific instruments, books, pencil box, etc. . Old cracks on the entire work, I do not see any repaints. Chassis dimensions: 74.5 cm X 53.5 cm. 19th century gilt wood frame with gaps and wear. I present to you this painting in the state of discovery. Note: absolutely charming
