Description

This Portrait of a Woman is characteristic of the work of the painter Joan-Carles Roca Sans from the years 2018.

Through the exercise of the treatment of the minimum of colors (in this case, 3 colors), the painter treats these with a particular force which accentuates the yellow line used as a separating element.

By realizing how much it allows to mark the difference between a figure and the background, Roca Sans gives here a strong presence to the character by highlighting it through this few colors which reinforces and gives life.
