

Water Pitcher In Glazed Terracotta, Catalonia Circa 1900

85 EUR

Period : 19th century

Condition : Très bon état

Material : Terracotta

Diameter : 17

Height : 26

Description

Glazed terracotta water pitcher. Of Catalan origin from the end of the 19th century, this type of pitcher made it possible to drink water at a leisurely pace, i.e. in complete safety in the face of the hygiene problems of the time. It consists of a spout for drinking and an orifice for introducing water. Beautiful work of enamelled or varnished decoration.
