Description

Exceptional painting representing a Chinese porcelain vase and bouquet of roses. Superb and very realistic pictorial technique. Painter to be defined (can be signed? Uncleaned) probably from a great artist's hand given the quality rendered on the canvas! Oil in its own juice! Frameless! And its old patina, from the Bordeaux castle! Lots of details on this painting with the jewelry box and its pearl necklace, beautiful colors! Very beautiful light! 94x75 cm format, sold as is! Do not miss ! A pure wonder to watch!
