Description

A series of 6 silver metal candlesticks Different sizes for each... And just 2 different diameters In silver metal In good condition... just a deformation on the base of one (see photo) but really nothing serious... Years 1950/60 Perhaps by JENS HARALD QUISTGAARD without certainty On the other hand model that I meet for the first time... The feet are unscrewed... With 2 ways of screws.. As well as for the 2 largest the bobèche can also be unscrewed... There is a number on each cove base... Weight...680 gr
