Description

Cut signed by the Muller Brothers in Lunéville. The orange and purple glass paste presents a luminous and warm nuanced gradient highlighting the know-how of the Mullers. The stylized corolla-shaped neck invites us to nature and fruit. The bulbous tower in its center is enhanced by the drooping shape. The recessed base adds a little more authenticity. The set offers rare shades, colors and proportions. The Muller family moved to Lunéville in 1894, where the two older brothers worked for Emile Gallé. The creation of their factory in 1897 directly competed with Gallé, until they reached their peak at the end of the First World War. Their production mainly covers the Art Nouveau and Art Deco periods, and enjoys worldwide recognition. Cut signed "Muller Fres Lunéville".
