### Description

Large pair of bronze Louis XVI andirons.  
Beautiful carving of the bronzes decorated with large balls, pair of lions on a banister decorated with balusters and connection dice in acanthus leaves and fluted feet. They are mounted on their original forged irons. Louis XVI period, late 18th century. Our andirons are characterized by their spectacular dimensions. They are intended for a monumental fireplace, with a wide and deep hearth. A great castle room. They are in very good condition. Width: 40 cm per piece Depth: 56 cm Height: 27 cm
