Description

This Virgin and Child is in plaster, it is from the period between 1900-1930. It does not bear a signature, but given the quality of the modeling and the polychromy it is an artistic work. It weighs a lot. For the state, we report friction and paint wear on the whole, lacks on the face of the child, on one hand, under the child, in the back, on the fish, and on the base, however it remains in an acceptable state of conservation. We will not deliver by post for this type of item that is too fragile, but we work with carriers, please contact us for a quote. Sold as is. For the state thank you for detailing the photos. Feel free to zoom. The photos are an integral part of the description.
