Description

19th century sculpture representing a gentleman in period dress. Interesting work by its decorative qualities and its size, height 44 cm evoking a character of the XV XVI century. Pleasant subject presenting an Italian colottier or a musketeer with his sword at his side at rest. Very good cast iron quality visible in the details and especially in those of the fabrics with a double silver and gold patina. Object to place in a high period interior as well as in a contemporary decoration. Possibility of sending in France and all over the world with specialized carrier and secure package.
