A distinctive feature of his work was the use of bold colors and expressive brushstrokes. His works carried powerful emotional undertones and could transition from realism to abstraction.

Somville was also recognized for his interest in social and political themes, and his works often reflected societal changes and events of his time.

Roger Somville was also known for his works in the field of ceramics, including plates with depictions of animals. These works retained his characteristic style, including the use of vibrant colors and expressive forms.
